Tai nam street , Sham Shui po

Local residents

Age:60s Subjective feeling: Street hairdressing is cost-effective and popular with residents, but the property management is not good, the house is dilapidated, and there are security risks. Essential activities in daily life, but also the business and customer social activities. High space utilization. There is insecurity and repression on the outside, but there is a strong sense of community on the inside. Measures: no intervention, reservation

Dongjing street, Sham Shui po

Local residents

Age:30-60s

Subjective feeling: Selling and buying some products that are too private. The pedestrian street is intended as a public open space. It provides a social space for everyone There are itinerant pedestrians with access, and people who socialize for a long time

# Insight from the SHOWED Approach

- It is a simple-to-use tool for everyone
- Further explanation from the photo-taker required
  - Photo itself is not sufficient
- For the use by diverse groups of citizens, better if they can pick from a list of adjectives to describe the photos → empowerment
- It creates a base for discussion
